Dear Dr. Goldich:

Accompanying this letter is a certificate which records your successful completion of your clinical fellowship at the University of Toronto.

This certificate has been developed in accordance with the visual identity standards of the University of Toronto. It has been printed on a dedicated security grade document printer and features advanced security measures such as a pre-embossed seal and a holographic crest.

Your certificate is a legal document; therefore, the only copy of your certificate is the one that you have now received. You will find the certificate's unique identification number printed on the reverse of the document.

This certificate has been designed to reflect and reinforce the educational significance of clinical fellowship training at a world-renowned institution.

Please consider this certificate also as a mark of appreciation for your contributions and accomplishments as a clinical fellow.

You will always be a valued alumnus of the University of Toronto's postgraduate medical education programs.

Sincerely,

Salvatore M. Spadafora MD, FRCPC, MHPE  
Vice Dean
